COLLEGE**

INTERSTATE COLLABORATION AGREEMENT

University of Arkansas at Little Rock and Tulsa Community College (OK)

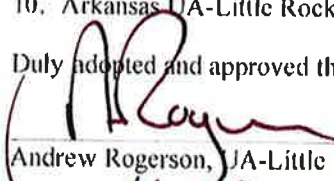

Purpose

The purpose of this interstate agreement is to provide students holding an Associate of Arts degree from Tulsa Community College's Interpreter Education Program the opportunity to participate in UA-Little Rock's Bachelor of Arts degree in *Interpretation: ASL/English* via distance education (on-site in Tulsa and online). Through collaborative efforts, the partners will serve AA graduates in Northeast Oklahoma who require a BA degree program for employment and national certification testing. This partnership was piloted in the years 2007 – 2009. Since 2007, UA-Little Rock has successfully graduated three cohorts totaling 24 Oklahoma students. This partnership will serve during academic years 2018 and beyond. All distance students may apply for Office of Special Education Programs (OSEP) grant funding for tuition and fees from UA-Little Rock's Interpreter Education Program.

Agreement

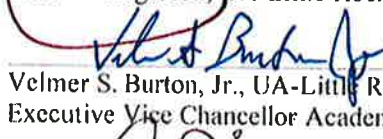

1. The student must hold an AA degree or equivalent from TCC with a cumulative grade point average of 2.00 or higher. Developmental or remedial course grades are not computed into the cumulative grade point average. A student fulfilling these requirements will be admitted to UA-Little Rock with a junior classification.
2. Degree and program requirements for students who transfer from TCC to UA-Little Rock will be determined in the same manner as if initial enrollment had been at UA-Little Rock.
3. A student may be accepted as a declared Interpretation major upon completing TCC's program with the requisite GPA and achieving a score of 1/1 or above on either the Arkansas Mid-America Quality Assurance Screening Test, or the Oklahoma Quality Assurance Screening Test.
4. TCC will make every effort to inform students of the transferability of the AA degree to UA-Little Rock.
5. Both institutions will notify each other in a timely manner of substantial changes in their curricula.
6. UA-Little Rock will provide a list of graduates from the program to TCC in order for TCC to track its students.
7. TCC shall make a strong effort to encourage AA students to pursue the BA Degree from UA-Little Rock.
8. TCC has permission to advertise this degree program as a collaboration between UA-Little Rock and TCC.
9. UA-Little Rock will offer UA-Little Rock Arkansas in-state flat tuition/fee rate per credit hour for online required courses for students with documented residency in Oklahoma. Students who are veterans may qualify for a lower tuition. This rate will adjust to UA-Little Rock tuition and fee rates at the time of student admission.
10. Arkansas UA-Little Rock Interpreter Education Program faculty members will advise TCC BA students.

Duly adopted and approved this ____ day of ____ 2018.

Andrew Rogerson, UA-Little Rock Chancellor

3/20/18

Leigh B. Goodson, Ed.D, TCC President & CEO

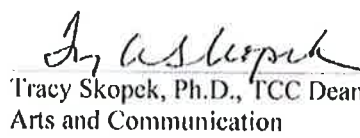

Velmer S. Burton, Jr., UA-Little Rock Provost and Executive Vice Chancellor Academic Affairs

3.20.18

Greg Stone, Ph.D., TCC Provost, Metro Campus

Ann Bain, UA-Little Rock Dean, College of Education and Health Professions

Tracy Skopek, Ph.D., TCC Dean, School of Liberal Arts and Communication
