EARN TWO DEGREES ON TIME AND ON BUDGET

A.S. in Child Development at TCC
B.S. in Elementary Education at NSU

ELEMENTARY EDUCATION

Do you want to share your love of learning with the next generation? Do you enjoy working with children and helping them grow cognitively and developmentally? An Elementary Education degree provides an opportunity to work with students in first through eighth grades. By starting at TCC and transferring to NSU-BA, you gain all the major elementary content needed for the classroom, as well as participate in training for differentiated- and trauma-informed instruction, strategies for struggling readers/dyslexia, and work with students with disabilities and English language learners.

The transfer process from TCC to NSU was very simple. They're very similarly structured... they have a lot of the same resources. All of my credits transferred from TCC to NSU.
